

NORTHERN PACIFIC GOES UP SOARING

Raise of One Hundred and Forty Points Over the Opening.

HILL STILL CONTROLS

Another Exciting and Disastrous Splurge in Stocks on Wall Street Today.

COLOSSAL INTERESTS CLASH

New York, May 9.—Brokers, speculators and others who go to make up the daily life in Wall street came early to their offices this morning in anticipation of a crucial day. The interest naturally centering in Northern Pacific. The best opinion on the street is that the Harriman-Gould and Rockefeller crowd and the Hill-Morgan and Vanderbilt interests have locked horns. The first figures from London showed a wild rally in American shares.

Northern Pacific opened this morning with a splurge. The first sale was at one seventy, a gain of ten points. The rise continued and at ten forty-five cash sales were made at three hundred, one hundred and forty points over the opening. Union Pacific opened lower.

Sold for a Thousand Cash. Soon after eleven o'clock Northern Pacific sold for a thousand cash, other stocks were tumbling along fine.

Everything was panicky barring Northern Pacific and a decline of from 5 to ten per cent common. Union Pacific lost heavily early falling from 106 to 85.

The scenes on the Stock Exchange were wild in the extreme brokers were fighting and tearing about like mad.

In 1895 Northern Pacific was selling for 2 1/2. At noon a healthy reaction took place.

Factions in Conference. Conferences between the Morgan Hill-Harriman interests were frequent today. There is reason to believe that the differences excited by the fight over the Northern Pacific will be harmonized. The announcement has been made of the suspension of several consolidated exchange houses, but none of the failures are regarded as serious.

Dropped to Five Hundred. J. P. Morgan & Co., Huba & Loeb, and Street and Norton, representing the big interests that have been fighting for the control of the Northern Pacific did much to check the panic by officially announcing that they would not today demand the shares of Northern Pacific due them. After this the Northern Pacific dropped to five hundred and the general market began to go up.

The Terrific Contest. Full confirmation was received today of the terrific contest that is waging in Wall street between interests identified with the Standard Oil party on the one hand and the great banking firm of J. P. Morgan & Co. on the other. Proof came during an unparalleled market, during which bulls and bears alike rushed to cover, the result being another sharp rise in Northern Pacific.

Morgan Said to Have Control. A Wall street agency which is said to be in close touch with J. P. Morgan & Co. sent out the following statements today, and they were regarded, as being authorized by Morgan & Co.:

"It may be stated on the highest authority that the so-called Harriman interest has obtained control of the Northern Pacific is incorrect. The majority of the stock is still held by the Hill and Morgan interests."

Giants Engaged in It. The struggle has been precipitated by giants, and it means death to the followers. The colossal interests on either side of the great contest that now engages followers of the stock market throughout the world clinched in a relentless battle over the common and preferred stock of the Northern Pacific railway.

Hill Denies He is in It. J. J. Hill was seen in his rooms in the Northern hotel this morning. He was asked for an interview of his connection with the present flurry in stocks. He said:

"It would not be true should I say I am not cognizant of that fact but I cannot understand it. Let me tell you that I have never been on the stock exchange here; that never have I bought or sold a share of stock on the floor, and what's more, in six months I have not acquired or got rid of one share of Northern Pacific stock or any other stock."

The reporter asked: "Is it true that the gentlemen who are associated with you are trying to get control of the Northern Pacific, and that the present unexampled flurry is the re-

sult of your efforts in this direction?" "My dear sir, we never have had control of Northern Pacific; we don't want to get control of it; we are not trying to get control of it, and under the law we could not have or obtain control of it," said Mr. Hill emphatically.

Panic in London. London, May 9.—The stock market for American shares has dropped to nothing. Small traders are whipped out.

FIXES A ONE-FARE RATE.

Milwaukee Road Takes Independent Action on M. W. A. Convention. St. Paul, Minn., May 9.—The Milwaukee road has served notice upon all the other lines that it will take independent action and make a rate of one fare from all points on its lines to St. Paul and return for the Modern Woodmen meeting at St. Paul, June 10 to 15.

GRADUATES IN SHIRT WAISTS.

Boys of Madison High School Vote on Commencement Costume. Madison, Wis., May 9.—The boys of the senior class of the Madison high school today decided to wear shirt waists at the graduation exercises to be held in June. The boys took this action without consulting Superintendent R. B. Dudgeon or any of the teachers, and they fear the proposition may be vetoed.

LORD SALISBURY IN CRITICAL CONDITION

It is Expected That He Will Retire and the King Will Offer Devonshire the Place.

London, May 9.—Alarming reports are prevalent today respecting Lord Salisbury's condition. There has been complete silence on the subject for the past three weeks, the only indication that his recovery is not progressing being offered by the postponement of his return from Beaulieu. He was to be in London today, but he has not yet left his Riviera residence.

The attack of influenza which he had before Easter has left him extremely enfeebled, and the latest news in London received from Beaulieu today, is to the effect that his debility is obstinately resisting all treatment and has now reached a grave point.

It is learned that the king will, in the first instance, send for the duke of Devonshire to take the premiership. If he refuses, then A. J. Balfour will be asked. Chamberlain is now regarded as quite out of the running.

THREE MEN BURNED AT OTTAWA, CANADA

Big Boston Building Was Almost Entirely Destroyed by Fire Today—Loss \$200,000.

Boston, May 9.—The business building adjoining the Boston theatre was almost entirely destroyed by fire this morning. A score of firms suffered a combined loss of two hundred thousand dollars.

Ottawa, Ont., May 9.—The Roy hotel and several small tenement and boarding houses were burned this morning. There men were burned to death and several persons severely injured.

SULTAN OF TURKEY PLANS A MASSACRE

Macedonians in Danger of a Scene That Will Put Armenian Outrages in the Shade.

Sofia, May 9.—Reforma (a newspaper) learns from Constantinople that a massacre of Macedonians is being planned which will put the Armenian atrocities in the shade. The sultan has assented to the plan and an effendi pasha has been entrusted with the execution of the project. The paper further states that the Macedonians have a choice of being slaughtered by the Turks and making a bold fight for freedom. It urges immediate revolution.

Golden Wedding Anniversary

Mr. and Mrs. I. G. Calkins of Berwyn, Ill., celebrated their golden wedding last Sunday. Mr. and Mrs. Calkins formerly resided at Janesville on North Jackson street, moving away from here about ten years ago. They have many friends in Janesville who will extend hearty congratulations on the auspicious anniversary which they have so recently enjoyed.

Conger Calls on May

Washington, May 9.—Minister Conger called at the state department this morning but did not make a report or discuss the situation.

LABOR LEADERS FOR ARBITRATION

Union Mass Meeting Under the Auspices of the Civic Body.

GOMPERS IS FOR UNION

President of the Federation Says That Organization Is Imperative.

SUGGEST ARBITRATION RULES

New York, May 9.—A mass meeting under the auspices of the committee of conciliation of the National Civic federation was held last night at Cooper union to further the movement inaugurated on Tuesday to form a national board of arbitration. John Mitchell, the first speaker was greeted with applause and cheers. He said:

"The impression may have gone forth that I stand for turmoil and war rather than peace, but knowing the sufferings and horrors of turmoil and war, I stand for peace if it can be an honorable peace. I do not presume that this conference has solved the labor question, but I believe that the plan agreed upon today will do much to prevent strikes and lockouts."

Gompers Upholds Unions.

Samuel Gompers, president of the Federation of Labor, prefaced his remarks by stating that those who are the braggarts and continually declaring war are the forwards in the actual struggle.

"The strong men," said he, "do not boast of his power, because he knows that with power comes responsibility. There was a time when organization of labor was tabooed and the doors were shut in the face of the man who held a card in a union. That day is past. If we entertain a hope for ourselves, our children, or our country we must organize."

Plans Industrial Harmony.

After the speeches the national committee on conciliation and arbitration gave out its report. The report says that the purpose of the organization is to enter into active service in the cause of peace and harmony in the industrial world for the purpose of preventing strikes and lockouts. The report advocates full and frank conferences between employers and workmen, with the avowed purpose of reaching an agreement as to the terms of employment.

It further says the aim is to establish and maintain a commission composed of the most competent men available, selected from employers and employees, of judgment, experience, and reliability, which shall be charged with carrying out the objects aimed at, and shall also be expected to make known to workmen and their employers that their counsel and aid will be available, if desired.

VETERANS HOLD ANNUAL CAMPFIRE

Three Hundred from All Over the State Attend an Event at Madison Last Night.

Madison, Wis., May 9.—Three hundred veterans from all portions of the state attended the legislative campfire held in the large hall on the top floor of the capitol last night. A program of music and addresses was carried out. Department Commander D. G. James of Richland Center, presided. Those making addresses, besides the presiding officer, were Past National Commander A. G. Weissert of Milwaukee; Assemblyman George Spratt of Sheboygan; Senator William O'Neil of Washburn; Col. E. B. Gray, and Adjutant General C. R. Boardman, both of Madison. Captain M. J. Rawson and others sang. Commander James announced that he had secured a rate of one-half fare for the encampment to be held at Sheboygan next month.

Beloit Will Join Conference Meet.

Madison, Wis., May 9.—Captain Merrill of the Beloit track team, who is playing on the ball nine, announced to a number of Wisconsin track men that Beloit had decided to enter the Conference meet in preference to the Western. This is so that Merrill will have an opportunity to measure strides with Maloney of Chicago. Chapman, Wisconsin's speedy little quarter who ran a trial lately in 50 seconds flat, will have to be reckoned with in this sprint run.

Duke Opens New Parliament

Melbourne May 9.—The Duke of York opened the new parliament today. The ceremony was a most brilliant one. Twelve thousand persons were present.

FOR MEMORIAL DAY IN THE SCHOOLS

Proper Observance Is Suggested by State Sup't L. D. Harvey.

FOR PATRIOTIC SPIRIT

Youth of the State To Pay Due Tribute to the Heroic Dead.

FLAGS WILL BE DISPLAYED

Madison, Wis., May 9.—State Superintendent L. D. Harvey today sent out in the state 13,000 copies of a pretty, forty-six page pamphlet containing suggestions for the proper observance of Memorial day in the schools. Every one of the 11,600 school teachers, besides the officers of the Grand Army posts, Woman's Relief Corps and others, will receive a copy of this pamphlet. The front cover contains a picture of the Stars and Stripes in red, white and blue. In his introductory remarks, Mr. Harvey says:

To Promote Patriotism.

"The aim of this circular is to assist teachers and others in promoting the spirit of patriotism among the youth of the state by paying due honor to the survivors of the civil war and by laying a tribute upon the graves of those who sacrificed their lives for the preservation of the Union and for the suppression of slavery in the land, the birthplace of freedom and the home of justice. The sectional strife of ante-bellum and bellum days is rapidly disappearing and in its stead we see a great people standing together upon the broad platform of equality, forgetting the past, and looking hopefully forward toward the future for a grander nation than we have today."

The pamphlet contains a speech delivered by the governor at Madison in 1884, extracts from a speech made by Senator J. V. Quarles before the Middlesex club of Boston last February, and a number of especially fine pieces of prose and poems.

One of the poems is from the pen of J. C. McFarlin, assistant adjutant general of the G. A. R. of Wisconsin.

Display of the Flag.

Superintendent Harvey calls the attention of school boards to the state law requiring them to purchase a flag of the United States and to display either inside or outside the school house. He suggests that on the following days the flag be displayed in commemoration of the events noted:

Sept. 3, 1783—Treaty of peace at Paris, closing Revolutionary war.
Oct. 12, 1492—Discovery of America.
Oct. 16, 1781—Surrender of Cornwallis.
November—General election day.
November—Thanksgiving day.
Dec. 22, 1620—Landing of the Pilgrims, Forefathers' day.
Jan. 1, 1863—Emancipation Proclamation.
Feb. 12, 1869—Birthday of Abraham Lincoln.
Feb. 22, 1776—Birth of George Washington.
April 9, 1865—Lee's surrender.
April—Arbor and Bird day.
April 27, 1822—Birth of U. S. Grant.
May 1, 1898—Battle of Manila bay.
May 30—Decoration day (flag at half-mast).
June 14, 1777—Birth of the flag of the United States (now known as "Flag Day" in the United States).
June 17, 1775—Battle of Bunker Hill.
July 4, 1776—Declaration of Independence.

WILL NOT PAY HER HUSBAND'S DEBTS

Queen Wilhelmina Humiliated by the Creditors of Her Better Half—She is Unrelenting.

Paris, May 9.—The quarrel between Queen Wilhelmina of Holland and her young husband was again forced upon the attention of the public today when the holders of Prince Henry's notes threw them into the open market in Amsterdam. The notes, which represent Prince Henry's debts are held by usurers of several continental capitals. They have given up all expectation of inducing the young queen to pay her consort's indebtedness and are now trying to force her to settle by hawking his notes about the open market.

It is reported from the Hague that the Dowager Queen of Holland has taken Prince Henry's side of the quarrel, and that the last scene between the young queen and her husband was so violent that the Queen's mother was compelled to take to her bed from illness over the stubbornness and relentlessness of her daughter.

Wisconsin-Beloit Game Postponed

Madison, Wis., May 9.—The game scheduled to be played at Camp Randall yesterday afternoon between the Wisconsin and Beloit baseball teams had to be postponed on account of wet grounds.

CLEVELAND MAKES \$400,000.

Former President Gains a Fortune by Advance in Northern Pacific New York, May 9.—Former President Grover Cleveland made \$400,000 by the sky rocket flight of Northern Pacific, according to a group of stock brokers, who in the smoking room of the Waldorf-Astoria last night, were discussing Wall street matters. According to them, Mr. Cleveland bought a considerable block of Northern Pacific outright a year ago, when the stock was selling in the 40s. He made the purchase, it was said on the advice of his former secretary of war, Daniel S. Lamont, who is vice president of the Northern Pacific system.

Mr. Lamont, it is said, has made more than \$1,000,000 by the phenomenal rise in the stock.

ENGLAND SENDS US ONIONS

Thousands of Bushels of Savory Bulbs Arrive in New York.

New York, May 9.—In the hold of the White Star steamship Georgic, due here today are 16,933 bags of onions, consigned to ten firms in this city. More than half were sent in response to orders; the rest were forwarded on speculation. Good onions are scarce in the New York market. The estimated value of the importation is \$42,350.

THAYER DEFEATED FOR GRAND MASTER

Janesville Man Snowed Under at the A. O. U. W. Convention at La Crosse Today.

La Crosse, Wis., May 9.—Charles O'Leary of Oshkosh was elected grand master of the A. O. U. W. of Wisconsin, defeating J. M. Thayer of Janesville. Fred King of Sheboygan was elected grand foreman and Christian Barber of West Superior, grand overseer.

La Crosse, Wis., May 9.—The state convention of the Ancient Order of United Workmen opened here yesterday morning with nearly 200 delegates from all parts of the state in attendance. The morning session was devoted to the appointment of committees and reading of the reports of the grand officers. Grand Master Workman J. M. Thayer's report shows that the order has made substantial gains in membership in the state during the past year, and is in a splendid condition financially. Mr. Thayer recommends that a system of deputies be maintained for the advancement of the lodge in the state and that they be paid by an increase in the per capita tax.

In the afternoon the delegates were taken for a ride up the Mississippi in a steamer Lion, returning to the city at nine o'clock. A reception and dance in Woodman hall occupied the balance of the evening.

The election of officers has been made a special order for today. Considerable opposition to the re-election of Grand Master Thayer of Janesville has developed. C. H. Barker of West Superior is making a strong fight for the office of grand foreman. Milwaukee is after the next convention.

BIG ENGINE COMBINE

Charles Allis of Milwaukee, Confirms the Allis-Chalmers Manufacturing Pool—Capital \$50,000,000

Madison, May 9.—Charles Allis, head of the E. P. Allis company in Milwaukee, since the death of his father a number of years ago, arrived home from New York today, and freely discussed for publication the details concerning the formation of the Allis-Chalmers combine which was finally formed yesterday by the filing of articles of incorporation in New Jersey with an authorized capital of \$50,000,000. He said that Milwaukee would probably be the headquarters of the great combination of stationary engine manufacturers. The new company will build another immense engine plant fully as large or larger than the proposed works of the Allis company at West Allis, somewhere on the Atlantic coast, and it is expected that the Allis plant and the new one will handle all of the big engines this concern will put on the market in the future, while the attention of the other firms will be taken up by small contracts.

PRESIDENT LEADS IN FLORAL PARADE

Hundreds of School Children Hurl Flowers at McKinley's Carriage in Los Angeles.

Los Angeles, Cal., May 9.—The president today led the floral parade. Through streets magnificently decorated wound the president's carriage followed by many beautiful floral floats. Hundreds of school children that lined the way hurled flowers in front of the president's carriage.

SENATE HAD KNIFE OUT THIS MORNING

Cut Down Four Different Measures Passed by the Assembly.

RACE POOL BILL DEAD

As is Also the Ice Tax, Double Header Trains and Torrens Land Title Scheme.

END OF BUSINESS SATURDAY

Madison, Wis., May 9.—The senate had its gullotine in good working order this morning and used it efficiently on four different measures which had passed the assembly; the Rossman bill permitting the selling of pools for ten days at horse races; the bill taxing ice shipped out of the state at ten cents a ton; the bill prohibiting the running of double header trains and the bill establishing the Torrens scheme of land titles. The race pool bill had only six supporters, the Torrens bill but eight and the vote on the tax bill was 14 to 15.

The anti-pass constitutional amendment for its second passage, came out of the senate railroad committee this morning, without recommendation and went on this evening's calendar. There will probably be ten votes against it in the upper house.

The final adjournment question was settled this morning by the assembly concurring in the resolution to end business Saturday and adjourn sine die next Wednesday at noon.

The senate concurred in the constitutional amendment increasing the number of justices of the supreme court from five to seven.

The assembly bill creating the county of Gates, out of the northern part of Chippewa county went to engrossment in the senate 18 to 11.

The bill allowing municipalities to adopt a voting machine after its approval by a commission passed the assembly. The assembly refused to concur in the senate biennial election bill for cities.

PASS APPORTIONMENT BILL

Legislature Is Now Ready to Adjourn—Primary Bill Will Be Vetoed

Madison, May 9.—The senate concurred in the congressional apportionment bill last night. Two amendments were offered and both were voted down. Both were ably argued without effect upon the senate. The first offered by Senator Rjordand, proposed to take the county of Clark from the Seventh district and attach it to the new Tenth, which was the old Ninth, and give the Seventh the county of Wood in its place. Senator Rjordand and Senator Kreutzer pleaded hard with the senators to make the change.

Kreutzer Grew Eloquent.

Senator Kreutzer grew eloquent in his protest against the wrong that was being done his district. He warned the senate that a day of reckoning was coming when it would be discovered that a district had been needlessly sacrificed. His appeal was of no avail but he voiced the sentiment of a good many people who fear that when the trial comes the apportionment will prove unsatisfactory.

The second amendment offered on the floor came from Senator O'Neil, who wanted Pierce county taken from the Eleventh and put into the Seventh, to which Senator McDonough objected. The senator's reason for desiring the change was that his district would have about 30,000 more than the unit of population.

Anti-Pass Bill Not Forgotten

In the great hub-bub over the primary election law the anti-pass resolution which held the post of honor in the last legislature appears to have been forgotten, but it has not been. It passed the assembly early in the session and has been lying in a senate committee box, and some people have no doubt thought that it was going to be purposely overlooked, but it is coming out. Before the end of the week it will be reported with a favorable report and the senate will concur in it with less opposition than was shown in the assembly. It will then go to the people at the next general election and if they support it, passes will be outlawed forever in this state.

Game Warden Ellarson Resigns

Game Warden James T. Ellarson of Waunama tendered his resignation to Governor La Follette yesterday afternoon. Mr. Ellarson's term expired on May 3, and as the governor did not make any appointment to fill the place, and as he wishes to be released he tendered his resignation.

(Continued on Page 7.)

FAST TRACTS OF UNEXPLORED LANDS

Amazing Fact That Practically Nothing is Known of One-Third of British Columbia.

A report has been sent to the state department at Washington embracing some points from the statements made by the director of the geological survey of Canada showing the amazing fact that practically nothing is known of one-third of the dominion. The extent of the unexplored regions of the British possessions of the North, exclusive of the Arctic islands, aggregates about 1,250,000,000 square miles. A careful estimate is made of the unexplored regions.

Beginning at the extreme Northwest of the Dominion, the first of these areas is between the Eastern boundary of Alaska, the Porcupine river and the Arctic coast, about 9,500 square miles in extent, or somewhat smaller than Belgium, and lying entirely within the Arctic circle. The next is west of the Lewes and Yukon rivers and extends to the boundary of Alaska. Until last year 322,000 square miles of

This Area Was Unexplored, but a part has since been traveled. A third area of 27,000 square miles—nearly twice as large as Scotland—lies between the Lewes, Pelly and Stikine rivers.

Between the Pelly and Mackenzie rivers is another large tract of 100,000 square miles, or about double the size of England. It includes nearly 600 miles of the main Rock Mountain range. An unexplored region of 50,000 square miles is found between Great Bear lake and the Arctic coast, being nearly all to the north of the Arctic circle. Nearly as large as Portugal is another tract between Great Bear lake, the Mackenzie river, and the western tract of Great Slave lake, in all 35,000 square miles. Lying between Stikine and Laird rivers to the north and the Skeena and Peace Rivers to the south is an

Area of 81,000 Square Miles which, except for a recent visit by a field party en route to Fort Churchill, East of Coppermine river and west of Bathurst Inlet lies 7,500 miles of unexplored land, which may be compared to half the size of Switzerland. Eastward from this, lying between the Arctic coast and Black's river, is an area of 31,000 square miles, or about equal to Ireland.

Much larger than Great Britain and Ireland, and embracing 178,000 square miles, is the region bounded by Black's river, Great Slave Lake, Athabasca lake, Hatcher and Reindeer lakes, Churchill river, and the west coast of Hudson bay. This country includes the barren ground of the continent.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested and partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbance of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by Peoples Drug Store and King's Pharmacy.

Dr. Franklin W. Fisk III, Dr. Franklin W. Fisk of Chicago, well known here as a former member of the faculty of Beloit college and as the former president and principal among the founders of the Chicago Theological seminary, has returned to his home from California where he has been in serious ill health. The trip was made under the care of physicians and Dr. Fisk's condition is serious although there seems to be no immediate danger of death.

For many years Dr. Fisk stood in the foremost ranks of American

educator the institution he assisted in founding now being the largest Congregationalist seminary in the country. Born in New Hampshire eighty-one years ago, Dr. Fisk became a student and graduate of Yale. He returned from the presidency of the Chicago Theological Seminary last spring.

WANTS TO ARRANGE FOR A BALL GAME

Manager of the Indian Base Ball Team Would Like a Date in Janesville.

The following communication addressed to the manager of the Janesville base ball team, has been received in this city, and, as the identity of the person to whom it is addressed is unknown, it has been handed to The Gazette for publication, with the idea that some one in the city may be interested in answering it:

Dear Sir—My base ball team will likely be somewhere in your region some time this season. I am now arranging my route and would like to know whether or not it will be possible to secure one or more games with your team in case proper terms and arrangements can be made.

I have a team of genuine Indians who play fast ball and their coming is always an event equal to circus day. This is the team which has received hearty commendation from every sporting paper in America.

I will play for 75 per cent. of the gross receipts (including grand stand) win or lose, no guarantee, providing your grounds are so arranged that all who see the game will have to pay. I furnish you free of charge an elegant line of advertising matter that draws every one who is alive.

I have only a limited number of open dates and if you wish to arrange for a visit from the Indians you should write without delay. Every week I turn down numerous offers from teams whom I have written to but who have deferred answering until too late, therefore answer this letter quick.

In your reply please especially enlighten me on the following points: 1. Population; 2. ability to draw from surrounding territory and towns; 3. kind of grounds you have; 4. kind of team you have; 5. arrangements for collecting admissions; 6. do you play Sunday ball? 7. names of other towns in your region with whom I might get games.

Address, Guy W. Green, manager Nebraska Indian Base Ball Team, Bedford, Iowa.

MILTON POSTMASTER GETS \$100 RAISE

Washington, May 9.—The salaries of the postmasters in the following Wisconsin cities will be increased \$100 a year each beginning July 1, with salaries as follows: Milton, \$1,200; Mineral Point, \$1,600; New Lisbon, \$1,300; Neenah, \$1,200.

The salary of the postmaster at Mondovi is increased \$200 to \$1,200, and that of the postmaster at New London is reduced \$100 to \$1,800.

AMUSEMENT NOTES

The return engagement of the jolliest kind of jollity, seen on our local stage for many a day, will occur at the Myers Grand tonight, when "The Burgomaster" will be presented with all its wealth of gorgeous scenery, dazzling costumes and eminent cast that was presented here early this season when it was voted the cleverest and most fascinating musical comedy triumph of the day. Since last this jolly jingle was seen here, it has been vastly brightened with new specialties, new musical numbers, many new artists and an entire new scenic and costume outfit, all of which should prove the most welcome revelation to all those who saw the performance when last presented here, and who intend seeing it again, and from all accounts, judging from the many inquiries relative to this important engagement, it is a wise move for those desiring choice seats to secure them at once, as Manager Myers' daily mail contains numerous orders for seats, and as a consequence, quoting one of the catch phrases of the comedy, "You'll have to hurry."

A new star, Mr. Al. H. Wilson, in a new play, "The Watch on the Rhine," will be the offering at the Grand the coming Saturday night. We are told that this play is a pictorial poem, staged with a wealth of beautiful scenic environments and that its "golden voiced" stellar centre piece is surrounded by a strong cast of competent players. In it Mr. Wilson portrays a young secretary of the Imperial German Legation at Washington, on an errand of love and mercy to the Fatherland. As Metz Strobel, the young legionist, he is said to have excellent opportunities, and that he, with an artist's touch and poetic suggestion, seizes them and portrays every phase of emotion, love, passion and revenge, with love triumphant in the end. Much of this he accomplishes through his inimitable singing of "Love is All in All," "My Little Fraulein," and others of his irresistible songs.

ATHLETICS PROSPER AT MADISON, GYM.

Train Will Be Organized to Compete in the Inter-Collegiate Games the Present Season.

The gymnasium season which has just closed at the University of Wisconsin has been an especially successful one, according to the Daily Cardinal. Director J. C. Elsom says that unusual interest has been shown in the various departments of work during the past year. The fact that prizes and medals were given for the best gymnasts at the circus proved an incentive for the men and more went into training for the various events. As work was required on three or four pieces of apparatus all-around gymnastic development was necessary in order to win the medal. That there were prospects for a team competing in the eastern games was also an additional incentive to the men in their work.

Wisconsin is now a member of the Eastern inter-collegiate Gymnastic Association which was formed two years ago. Although a charter member the university has never been represented in the annual games on account of the fact that there were no funds at its disposal with which to send a team. Owing to the prosperous condition of the financial side of the gymnastic department at present there is little doubt that this fact will not prevent a team entering in the contest next year.

The games are usually held in the early spring and last year took place in Philadelphia. These contests are considered of great importance in the east and all of the larger eastern universities usually compete. Harvard, Yale, Princeton, Johns Hopkins, Haverford and Virginia, are among the present members of the association.

Dr. Elsom thinks that although this year the university will lose some of its best men, it will be able to send a good team east next spring. The teams are limited to twelve men from each university.

At present Dr. Elsom is working on the statistics of the average improvement in measurements of the freshmen class determined from the first and second measurements taken. The results will be published.

During the summer the gymnasium will be open to all students without any additional charge in the summer school. The gymnasium is largely used in the summer. Four classes are held each week which counts for a semester's credit. There will be a normal class this year for those expecting to teach physical culture.

Dr. Elsom and Mr. Ishakawa will have charge of the women's classes and during certain hours the gymnasium will be used exclusively by the ladies. The gym at Chadbourne hall will be closed during the summer as Miss Harris, who has usually given the instruction, intends to study in the east during the summer months.

PROGRESS MADE BY CANNING FACTORY

An Expert Superintendent of Machinery Arrives—Contracts for the Building Are Let.

F. H. Belharz, superintendent of machinery for the P. Hohenadel, Jr., company arrived in the city Tuesday night and will have entire charge of the machinery in the new plant. He is a thorough mechanic and has had a number of years experience in handling canning factory plants.

Mr. P. Hohenadel returned Tuesday night for a visit to Cassville and Dubuque and reports things booming out in that neighborhood. Blair & Summers were the successful bidders for doing the carpenter work on the new building. The bids were opened last evening at the office of Evans & Morris, architects. Their bid of \$2,340, being the lowest of the five made the contract was awarded to them. The work will be commenced as soon as possible as their contract calls for its completion within fifty days.

If the factory is to handle this season's crop no time can be lost in the erection of the buildings and getting the machinery in place. The promoters have the assurances of the machinery manufacturers that the machines will be ready in time to handle this year's crop.

The contract for mill work will be awarded this evening. The lumber contract has been let to the Stevens Lumber company and that for the brick to Fifeid Bros.

Rockford High School. The graduating class from the Rockford High school numbers fifty-three members. A distinctive feature of the commencement exercises in Rockford is that a special subject is chosen each year as the commencement subject. This year the

Cook's Duchess Tablets. Are successfully used by over 10,000 ladies. Are prepared by an old and experienced physician. Ladies ask your druggist for Cook's Duchess Tablets, as they are the only safe and reliable monthly medicine known. Price, 31¢ by mail, \$1.00. Send 4 cents postage for Free Sample and full particulars. Address The Cook Company, Room 3, No. 253 Woodward Ave., Detroit, Mich. For Sale in Janesville by R. J. Sarasy

subject will be "Progressive Libraries," the choice being suggested by Andrew Carnegie's gift to the city. The study of the library will be taken up in both a general and as a local institution, the history of both being given from the earliest date of its existence. A number of orations will be given on the subject and it will be illustrated by numerous tableaux.

BADGER BUILDING AT BUFFALO READY

Efficient Work of Charles M. Hambright, the Special Agent of the State of Wisconsin.

Charles M. Hambright, of Racine, who has been appointed special agent for the state of Wisconsin at the Pan-American Exposition is proving a very efficient man in that capacity. He takes a very active interest in his work and is one of the most enthusiastic men at the exposition grounds. By his diligent and thorough work he succeeded in having the Badger building in readiness for the opening day, which was the only state structure completed by the time set for the ceremonies.

In speaking of the industriousness of the Wisconsin agent, the Buffalo Evening News prints the following extracts under a "box car" head concerning the activity of Mr. Hambright.

Wisconsin is the only State building completed at the Exposition grounds and the state flag floating from the lofty flag pole on top of the building loudly proclaimed the fact on opening day. Charles M. Hambright, special agent of the Wisconsin Board of Managers, was lamenting yesterday to a News reporter because, on account of the delay of the road, the furniture for the handsome structure was not in place. The belated car is expected today and in two days the most of the work of the Wisconsin board will be finished.

More credit attaches to the performance on the part of Wisconsin than may appear upon first thought. A survey of the grounds, near the meadow entrance, discloses a condition of bustle, chaos and mud, with mud the favorite and no second. Cleaning up has not been attempted and would be impossible were it to be considered. It is not a pleasant truth, but June will see this part of the Exposition far from completion. The Exposition management, however, has no idea of letting those suffer who have shown promptitude in getting ready for Dedication day, and on Monday work of leveling up the ground and paving will begin.

Wild With Eczema

Fire Could Not Have Been More Painful.

"After spending two years in taking all kinds of medicines that were suggested for eczema, but without avail, my mother was induced to take Hood's Sarsaparilla. The result was wonderfully gratifying. Her limbs had been terribly lacerated by the disease, and there were times when fire could not have been more painful. She was, in fact, almost wild. Two bottles of Hood's Sarsaparilla completely cured her, and not a trace of eczema was left." E. W. DECKER, Gardiner, N. Y.

Eat Well, Sleep Well.

"Hood's Sarsaparilla has been a great blessing to me. I was weak, irritable, tired and nervous; had no appetite and was always sad and despondent. One day I got hold of a little book about Hood's Sarsaparilla. I looked it over and resolved to try a bottle. I was better before it was gone, so I kept on until I had taken five bottles. I can now sleep well, feel cheerful and can do all my work, including plain sewing, and I can walk two or three miles a day. I am 55 years old and now feel that life is worth living." Mrs. EMMA SMITH, 68 E. Mitchell St., Oswego, N. Y.

Critical Period of Life. "I took Hood's Sarsaparilla during the critical period of my life, and now, at the age of 60 years, I am strong and healthy. It is a great medicine for the blood. I find Hood's to be the best." Mrs. H. POMROY, 22 Lansing Street, Auburn, N. Y.

You can buy Hood's Sarsaparilla of any druggist. Be sure to ask for Hood's and do not accept any substitute.

Feather Dusters...

We have a line of Feather Dusters ranging in price from 25c to \$1.00

These dusters are absolutely new goods and we have marked them at a very low profit, so they will sell quickly. If you need a new duster this is your chance to get one at a very reasonable price.

TIME FOR DECISION.

At a meeting of the senior class of the Janesville Institute in Chicago, the dean exhibited offers from nearly forty manufacturing concerns for the services of the young men after graduation. This fact is significant when we compare this demand with the opening for college graduates. The college man has a hard row to hoe in order to get started in a congenial and paying position. He must enter some professional school and spend two or three years more at study, at a considerable expense before he is allowed even to compete for the community's patronage; then must come the years of labor and patient toil before he has proved his ability and worth as a lawyer, doctor or teacher.

During these half dozen years, he rarely if ever earns enough to live on even as a single man. Many of our bright young men weary of this long service and monotonous waiting and turn their energies towards clerical work, which brings immediate financial returns, and so slip away from the professional life forever, of necessity.

Statistics show that a large percentage of young lawyers go into the insurance business, or into secretarialships, from which they naturally drift into business, on a salary basis, with the result that the long years of special preparation have contributed little or nothing to their success as business men. On the other hand here is a class of business men, who have not yet left their institution of mechanical education confronted with three times more offers than can be accepted, desirable positions paying salaries large enough to induce them to start a home of their own; and enjoy emoluments from a line of work that is of their own choosing, and therefore entirely congenial; and for which they are carefully prepared, and in which they probably will be successful.

The world today demands a trained hand as well as a trained mind, and our technological schools are doing for America, what the schools of Germany and England have done for those nations during the past two centuries.

Prussia alone, with a population and area equal to that of England has nearly 3,000 schools of manual training. While the United States supports hardly 30 such institutions.

Our manufacturing supremacy depends on the supply of trained men quite as much as on the supply of raw material.

Here is an object lesson to the boys of Janesville or any other city, will you train your hands as well as your brains? Will you elect to be a well developed rounded man; touching elbows with the throbbing life of American industries, or stand at arm's length promulgating theories and opinions, while the march of expansion and development goes hurrying on, scarcely noticing those who contribute nothing but advice to the march of industry.

We would not belittle the work of the American college, it is noble and tends to a higher plane of living, and development of character. But the technical school furnishes all this and a substantial stock in trade besides, which experience shows pays big dividends immediately upon graduation, and this is a point well taken by those who decide to take the latter training for a life that is daily becoming more strenuous, demanding yearly a higher order of preparation and fitness to insure success.

A WITNESS AND HIS TESTIMONY

The Chicago Record-Herald has aroused Chicago ministers by the publication of a list of subjects of sermons preached a week ago. This paper commented on the fact that ministers were resorting to sermons which would attract the attention of the church goer and the press, rather than preaching the gospel.

A minister is essentially a witness, and his sermon is his testimony. When he selects "Trusts," as the subject of a discourse, he may give very helpful advice, but he is out of his jurisdiction. Other men are expected to tell people what their opinions of current events are, but the minister is expected to give people his opinion of the Christian religion and its teachings. There are men who present the "Old Story," of Redemption with such unusual power as to attract attention and carry conviction. Such men get the newspaper advertising, which stimulates some ministers to select catchy subjects. Dr. Gonsauvius has said "The only pulpit that men respect, pours forth continually the music of redemption."

We can add nothing to this sentence; it is complete and needs no revision. A pulpit that becomes a symposium of current events be-

comes a club similar to political and sociological or literary clubs. We recognize the great value of such organizations, but still hold that the church which is not established for that purpose. It is well many times for a minister to establish such instructions for mid-week meetings, but only as adjuncts to the larger work to which he is called as a witness for Christ.

The reports we have in the New Testament of apostolic sermons shows the extent to which the modern "witness," has departed from his ancient commission. When a minister gives a discourse on philosophy, ethics, science or politics, he acknowledges his inability to interest his audience by a gospel sermon, and admits his own lack of power.

We realize that many ministers will lay the blame on their congregations, but this is a lame excuse for there is nothing more elevating and intensely interesting than a good rousing gospel sermon, because of its fundamental application to man's present and future life.

Mr. Bryan may quiet his fears that democracy is going to be republicanized; that metamorphosis took place last fall, and the editor of the Commonwealth is the dry shell left sticking to the twig.

The Cuban convention is trying to figure out whether Cuba is a nation, a state, territory, colony, annex, ally, or dependency.

Since the Golden Rule has been dragged into Ohio politics its best friends do not recognize it.

The British Chancellor of the Exchequer hopes the receipts from the death tax will be better next year than last. A bright bit of optimism.

Aguañado philosophically remarks, "I am undecided as to my future plans."

CONSIDERING PLANS TO BUILD SEWERS

Question of How a Sewerage System, if Put In, Can Be Paid For, is Talked Over.

The members of the sewerage committee Alderman Fife, McLean, Judd, Hemming and Rice held a meeting last evening and discussed the question of building sewers and the best plan for building the same. The question of whether the work should be paid for out of the general fund or charged to the abutting property was discussed at some length. The plan of charging the cost to the abutting property seemed to meet with the most favor. It would give individual districts a chance to do more than if the general plan was adopted.

The disposition of the sewerage is a very important question and the committee are of the opinion that some of them should visit outside cities where a system is now in force and get all the information they can regarding the disposition of the refuse. Rockford, Freeport and Elgin have sewer systems leading to the river. These places would be good ones to get the desired information from.

Roberts on a Long Trip.
 State Veterinarian E. D. Roberts returned home last night from an official trip to Watertown, Rio, Marshfield and North Crandon. He left again this morning for Sheboygan Madison and Washburn, where he has been notified of cases that demand his immediate attention. Washburn is in the northern part of the state above Ashland which makes a long trip for the doctor. At present his official business keeps him away from home the most of the time.

BRIEF BITS OF LOCAL NEWS.

Miss Eloise Nowlan has gone to Madison to spend a few days with her friends, Miss Sarah Sutherland and Miss Margaret Jackson, and attend the naval ball.

J. C. Ulrich returned home today from a business trip through Iowa in the interests of the Jeffries Co. W. C. Ulrich of Saginaw, Mich., brother to J. C. Ulrich of this city has lately been elected a member of the supreme bench of Michigan.

Elmer Bullard of Evansville called on business acquaintances in this city today.

Frank L. Smith of Chicago, was in the city last evening.

Miss Lottie Whitton has accepted a position as stenographer in E. D. McGowan's office in the place of Miss Alice McGregor who has gone to Chicago.

The State Osteopathy Society will hold their annual convention in Milwaukee the first part of June. Dr. E. J. Elton is the secretary of the society.

Drs. W. H. Borden of Milton, and H. B. Johnson of Beloit, attended a meeting of the Board of Pension Examiners today.

All members of Company I are ordered to attend the semi annual inspection of the company at the Armory this evening at 8 o'clock. Charles F. Achterberg, Captain Commanding.

William Kelly, an old resident of the town of Newark, was in the city today on business. Mr. Kelly has recently bought a ranch of one thousand acres in Colorado and will leave for there Saturday to close up the deal. His family will go out there later in the season to take up their residence.

MYERS GRAND Special Engagement.

MATINEE AND NIGHT.

Saturday, May 11

AL. H. WILSON,

IN THE ROMANTIC COMEDY, WRITTEN BY SYDNEY R. ELLIS.

"THE WATCH ON THE RHINE."

Scene Investiture of Grandeur and Beauty in Every Scene carried complete in Comedy and pathos richly blending in Pure, Innocent fun into spiced with scenes of intense interest.

Every maiden that has a sweetheart, every lover of home and mother, every mother that loves her little one, every youth that thinks he is in love, every husband and every father should hear Wilson sing "Love is All in All," "My Little Fraulien," "The Tea Kettle Song," "A Tyrolean Yodel," "A Song of Home," "When parading. Beautiful and bewitching melodies.

"That quaint, quiet, unctuous comedian with the wondrous golden voice—Al. H. Wilson made his first bow as a star in this city in "The Watch on the Rhine." Both play and player were generously received, and deserved so—for both made a great big hit."—Milwaukee Sentinel.

"No new star scored so distinctive a hit as did Al. H. Wilson. Before the play had progressed very far he was received literally with open arms by the audience. His singing was captivating; several of his songs are destined to become very popular."—Chicago American.

Theatre parties now forming. Lovers of a grand play, good singing and fine scenery, living in Edgerton, Evansville, Milton, Milton Junction, Monroe, Brodhead, Beloit, Sharon, Shopiere and Clinton phone for particulars.

Seats on sale Friday, May 10. Prices: \$1, 75c, 50c, 25c. Matinee Prices: Children, 25c; Adults, 50 and 75c

FAREWELL DINNER TO SUP'T MAYNE

The Young Ladies of the Domestic Art Department of the High School Will Honor Him.

A farewell dinner for Supt. D. D. Mayne will be given by the young ladies of the domestic art department at the high school building next Wednesday evening at six o'clock.

The invited guests are the members of the faculty, the wives of the gentlemen teachers and Supt. and Mrs. H. C. Buell of Whitewater. Covers will be laid for sixteen. Regrets have already been received from two ladies who will be unable to be present.

The thirty-two young ladies in the domestic art department have entire charge of the dinner, their instructor, Miss Hostetter, serving as adviser. The girls will bear all of the expense and they have divided up the work of arrangements.

The girls of the serving class will serve as reception committee and decorating committee and the members of the cooking class will prepare and serve the dinner. The girls intend that every detail shall be attended to by their own hands in order that the dinner may be their tribute of esteem to the departing superintendent.

The dinner will be in five courses, the following being the menu.

Bouillon.	Wafers.
Sardine Canape.	
Roast Lamb with Green Peas.	
Parigian Potatoes.	Bread and Butter.
Salted Almonds.	Pickles.
Coffee.	
Tomato Salad.	Wafers.
Strawberry Sherbet.	Angel Food.

After the dinner there will be the customary program of toasts, Miss Bertha Miller having been chosen to preside as toastmistress. The following is the program.

Welcome—Miss Daisy MacLean.
 Response—Miss Emma Paulson.
 Our Present and Future Superintendents—Miss Edith Loomis.
 Response—Superintendent H. C. Buell.
 Our Domestic Art Department—Superintendent D. D. Mayne.

CUT HIS HEAD IN FALL FROM LADDER

Harvey Woodan, a young son of C. B. Woodman, a farmer residing a few miles from the city, was brought to Dr. Woods' office yesterday afternoon suffering from a scalp wound six inches long and extending to the bone. Dr. Woods made the young man as comfortable as possible and thinks no serious injury will follow.

Woodman was assisting his father in putting in a window in the peak of the barn. He was standing on top of a long ladder which slipped and fell, throwing the boy to the ground. He landed on top of his head and for some time his parents thought that he was killed. He recovered consciousness after a little and was brought to town for surgical attendance. Outside of the cut on his head he received no serious injury but will be rather sore from the effects of his tumble for some days.

Dr. Woods Pays the Trustees.
 Dr. E. F. Woods today paid the trustees of All Souls church the sum of \$5,150 for the church building and the lot on which it stands. This closes the deal for the All Souls church property to other owners, all the furniture and interior fittings

having been sold. After paying the mortgage of \$3,000 the balance will be deposited at interest.

Anchie Reid & Co.

DRY GOODS, CLOAKS, MILLINERY

Things are Growing These Spring Days.

But nothing is growing faster than this business. The attractive, reasonable goods we are offering in every department at exceptionally low prices bring us a constant increase in patronage. We would urge upon all Janesville people the importance of investigating our offerings, for there is certainly money in buying here. We quote below some of the prices that make us popular:

Summer Underwear for Women.

A most complete assortment of hosiery and gauze vests and nitted drawers is here. There is not a reasonable want that cannot be filled from this stock—economically fitted, too. Some hints of low prices: Low neck and no sleeve, also low neck and wing sleeve bleached Vests, 10 cents. Fancy pink and blue ribbed Vests, 12 1/2c. Silk taped, low neck and sleeveless Vests, 15c. Mercerized or silk finish Vests, 25c. Derby ribbed umbrella drawers, 25c. Extra fine hosiery Vests, 50c. All sizes of children's low neck and no sleeve Vests, 10c; others at 15 and 25c. Special values in Men's Fancy ribbed Shirts and Drawers, 25c.

Women's Neckwear.

The pretty, summery kinds—Every new collar, every new stock, every new tie, is represented in this collection of Women's Neckwear. If you would have proper neckwear you mustn't miss seeing this assortment. Prices run with an economical step, too. The new band collars with lace turn over edge, 8c, 10c, 15c, 19c, 25c, 50c. New white lawn stocks with long ends, 25c and 50c. New sailor collars, 50c, 85c, \$1.10 and up to \$3.

Parasols and Umbrellas.

A new line just direct from the makers, Follmer, Clogg & Co., Lancaster, Pa., the largest manufacturers of Umbrellas and Parasols in America. Complete line of Umbrellas in black and colors, special values at \$1, \$1.35, \$1.65, \$2.25, \$2.75 and \$3.50. Nobby Parasols for the little ones, from 25c up.

MARTIN WILL NOT FINISH THE WORK

CHARLES ABRAMS HAS AN INTERVIEW WITH HIM.

The Oshkosh Contractor Says it Will Be All Right if the City Goes On and Completes His Unfinished Jobs—City Will Try to Hold His Bonds.

Contractor John Martin of Oshkosh will not return to Janesville to complete his street paving contracts. This question was definitely settled by a letter received by Alderman Fifield of the highway committee from Charles Abrams, who went to Oshkosh yesterday to see Martin.

Mr. Abrams states that Martin said that he did not intend to come back to Janesville to complete his work and it would be all right so far as he was concerned for the city to go on and complete the jobs. He claims that the city engineer is responsible for his failure to complete the work and that he would not try to do anything under his supervision. The street assessment committee have given the matter considerable study of late and had concluded that the best thing that could be done was for the city to go on and complete the macadam work on Court street and also the cement work.

It was with this idea in mind that Mr. Abrams went to Oshkosh yesterday. He has had charge of the work for Martin since it started and is thoroughly acquainted with it. He will have charge of the work for the city and will complete the contract. He will return here by the first of the week with teams and equipments to rush the work to completion. Hook & Cummings of Belvidere and Cannon of this city will be notified to go on and complete the cement work at once.

The brick paving from Main street to the bridge on Court will be re-laid as will also the work on Clark street from Main to Glenetta. Dodge and Pleasant streets are practically completed and will need but little work to complete them.

Martin's original contract was for \$13,778.72, for work to be done on Pleasant, Dodge and Court street. Of this amount he has secured from the banks about \$6,700 and owes at least \$2,000 more. It is a question whether the balance still due Martin will be sufficient to finish up the work in hand. Those who claim to know say his bondsmen will have to put up quite a little sum to settle the loss.

SNEAK THIEVES MAKE A HAUL

Entered Coal Office of John Plowright at Noon and Got Away With the Money Drawer.

Sneak thieves entered the coal office of John Plowright on South River street this noon and got away with the money drawer in the safe containing about thirty dollars.

Mr. Plowright went home to dinner this noon leaving the office open and the safe unlocked. One of the men employed in the yard was in a room back of the office but did not hear or see any one come in or go out.

When Mr. Plowright returned from dinner he found the safe door open and the iron box in the safe containing the money gone. He immediately notified the police but no trace of the money or thieves had been found up to the time of going to press. Chief Hogan thinks that it must have been some one acquainted with the premises and the habits of the proprietors.

Summer Millinery. Friday and Saturday, May 10th and 11th our millinery department will make a special showing of pattern hats and mid season novelties. We invite the ladies to visit the store these days and see the newest in summer headwear. Miss O'Neil and one of our trimmers were in the Chicago market the first of the week and the result of their efforts is a showing that is pleasing.

ARCHIE REID & CO.

Janesville City Lodge No 90, I. O. O. F., elected three delegates to represent it at the grand lodge meeting to be held in Milwaukee on June 14 as follows: G. H. Erridge, R. G. Merrill and James L. Davey.

Members of the Eastern Star lodge enjoyed an informal social after the regular meeting last evening. Charades formed the principal amusement. The next meeting, two weeks from last night, will be preceded by a supper and followed by a dancing party for members and their husbands.

Mrs. B. R. Hill, who has been seriously ill for several months, is worse and the attending physician has advised her husband to send for the members of the family.

Mr. and Mrs. George Phelps, who have been visiting friends in this city for several weeks will return to their comfortable quarters at the Soldiers' Home at Waupaca, Wis., tomorrow.

District Attorney W. A. Jackson received a telegram this morning telling him that he need not come to Rhineland. He was subpoenaed to appear as a witness in the Robbins-Fenton shooting affair. Robbins is sick and the case has been adjourned for a month.

Brick cheese; Full cream cheese; Goat Milk brand, Rochefort. Nash.

Dr. E. J. Elton will locate in Kenosha, and leaves tomorrow for that city to complete arrangements. Dr. Elton has been a resident of Janesville about a year, and in that time has made many warm friends. He goes into a field that offers a splendid future. His many friends will wish him success.

Sealing Out at Cost. For the next thirty days I will sell all goods in my store at cost. Stock consists of a general stock of harness, and whips, trunks, grips and satchels. A rare chance for a good bargain, as this stock must go at some price. Mrs. E. J. Baldwin, 8 Corn Exchange.

MAY BE THE C. B. & Q. GETTING OPTIONS

MYSTERY STILL GOING ON IN SOUTH RIVER STREET.

Both the Roads Now Here Deny Having Anything to Do With It—The Burlington Has Been Trying to Get Into Beloit—Such a Thing is Possible.

Parties interested in securing options on South River street property are still at it and yesterday secured an option on the Cazor property at the corner of Pleasant and River streets.

This is the first time that the west side of the street has been invaded and options are now held on all the property on the street from Pleasant street north to the last stores in both blocks at the corners of Dodge and River streets.

The question is who wants the property and what will it be used for. Both railroads disclaim any interest in the deal and give good reasons why they are not the ones looking for a site.

The property on either side of River street would make a good depot site, and the land between Galena and Center streets would give them a large amount of yard room.

It has been stated by some that it was neither the St. Paul nor the Northwestern that was after the property but the Chicago, Burlington & Quincy, who have been securing options on property in Beloit. This would make an ideal spot for yards and would put them right into the heart of the manufacturing district.

It would also give them a place where they could run their tracks into the city without much damage to the residence property.

A third railroad into the city would make a big difference to shippers. The two roads now in this city are in a freight pool and the rates are kept the same by both roads. The Burlington has been making a decided effort of late to get up into this section of the country and it may be that they are the ones that are trying to secure this property.

PETTIGREW WAS IN THE CITY TODAY

Distinguished South Dakota ex-Senator Examines Electric Company's Hot Water Heating System.

A distinguished visitor arrived in town this morning to inspect the hot water heating system of the Janesville Electric company. The visitor was United States Ex-Senator R. E. Pettigrew, of Sioux Falls, S. D. He arrived on the 6:40 train from St. Paul over the Northwestern road, and after breakfasting at the Grand, visited the plant of the Electric company. He spent a couple of hours looking over the plant and left for Belvidere to look over the plant at that place.

Senator Pettigrew is putting in a system of hot water heating in Sioux Falls and is making a tour of the different places about the size of Sioux Falls, where the hot water system is in use to note the results.

He has lately been very successful in a stock speculation in Wall street, New York, and has cleaned up something over a million dollars. He was not inclined to talk about political affairs in South Dakota, but he seemed disposed to make a campaign for the next senatorship. In the meantime he is investing his money and looking after his business interests.

He was not anxious to be interviewed and was keeping his trip away from the newspapers as much as possible.

THE FAULTLESS SOHMER.

No Better Piano Ever Offered the Musical Public.

The piano you select will be your companion for years. If it possesses a tone that will wear true it soon becomes tiresome. The only guarantee of permanent satisfaction is to buy a piano of recognized worth. You can be assured that years of use will not destroy its mellow sweetness. If you want quality, durability and richness combined in one piano you can get it in the Sohmer. There's an irresistible air of elegance and refinement about all our new upright grands that surpass any other make from an artistic standpoint. The most wonderful feature of our upright grands is their great volume of tone, which is obtained without sacrifice of quality, for they possess a pure, sweet, liquid tone of remarkable brilliancy throughout the entire scale.

It won't cost a fortune or weeks of worry to select a good piano if you go about it right. Take a good look at the famous makes we handle study their fine points and consider the unlimited guaranty that we give. Prices the lowest. Respectfully, Janesville Music Co., Opp. Postoffice.

Sealing Out at Cost. For the next thirty days I will sell all goods in my store at cost. Stock consists of a general stock of harness, and whips, trunks, grips and satchels. A rare chance for a good bargain, as this stock must go at some price. Mrs. E. J. Baldwin, 8 Corn Exchange.

W. H. Appleby returned home this morning from an extended trip in the northern part of the state. He has been constructing a road from Watona to the club house of the Kenosha club. Billy shows the effects of hard work and is right in the pink of condition.

Janesville assembly of the E. F. U. meets at I. O. G. T. hall at 7:30 this evening.

Children's POLKA-DOT Hosiery.....

EASTMAN ENDS HIS STORY

Professor's Testimony Held a Gain by Each Side.

HIS REPLIES ARE PROMPT.

Prisoner Accused of Murder Is Cool Under Cross-Examination—Statements Made Before the Grand Jury Are Explained—Some Answers Are Refused.

Boston, Mass., May 9.—Professor Charles R. Eastman ended his testimony in his own behalf in the East Cambridge court today. His direct testimony was considered satisfactory to the defense and the prosecution was equally satisfied with the cross-examination. Attorney General Knowlton's cross-examination was severe and searching, but the defendant maintained throughout the cool and confident demeanor that has not deserted him since he first was confronted by his accusers. There was no hesitancy in Eastman's replies, and he adroitly parried the perplexing questions that were asked with a rapidity that would have disconcerted an ordinary witness. He on more than one occasion resented by his manner more than his words suggestions of coarseness on the part of the attorney general.

Objects to the Word "Job."

"What was your job at Harvard college?" was one of the first questions asked by the cross-examiner.

Mr. Eastman lifted his head in surprise. "Why what?" he exclaimed.

"Job" is, perhaps, a gross word," said the attorney general, and he repeated the question, substituting the word "work." At another time when he felt that Mr. Knowlton was taking advantage of his position to ask an impertinent question the defendant straightened, looked his questioner squarely and coldly in the eyes, and declined to answer. The jurors witnessed the scene with the closest attention and keenest interest. Eastman admitted that before the grand jury he said he knew immediately after the shooting that Grogan had been shot and wounded, because he saw the wound in his breast. This admission, according to the attorney general, contradicts Eastman's statement that he didn't know how Grogan was wounded, whether with a center-fire or rim-fire bullet.

Grand Jury Evidence Admitted.

The defendant's testimony before the grand jury was introduced in the cross-examination and used for the purpose of showing alleged differences in the story told by him on the witness stand yesterday. This testimony was not admitted when the prosecution attempted to put it in as direct evidence. Mr. Knowlton asked: "How can you explain Dick Grogan backing from the north hen yard through the gate into the south hen yard after your graphic description of where you stood?" Professor Eastman replied: "I don't remember how he got into the south hen yard." In reply to the question by Mr. Knowlton: "Did you always say you were standing in the south hen yard?" Eastman said: "No, I told all that I remembered and later I recalled other things to fit the facts." Eastman said regarding his confusion before the grand jury: "I was placed in a hard position. It was hard to tell my story and remember all that happened." Mr. Knowlton asked if Eastman remembered saying to the grand jury: "Grogan was employed at his father's stable until this year, therefore I was not intimately acquainted with him. He finally admitted he did remember saying it."

Sentry Killed; Prisoner Gone.

Fort Sheridan, Ill., May 9.—With skull crushed in and his broken gun beside him, Private Fred Cumberland of C company, Twenty-ninth infantry, stationed at Fort Sheridan, was found dead in the woods near the post hospital yesterday afternoon. Private Smith Wheeler, a guardhouse prisoner whom Cumberland was guarding, was missing, and though scouting parties were hurried in every direction and the Chicago police were notified, no trace of the missing man could be found.

Makes McKinley an LL. D.

Boston, Mass., May 9.—The anxiously expected meeting of the board of overseers of Harvard university, at which action was to be taken upon the proposed degree for President McKinley was had today. At the close of the meeting the following was given out for the press: "The board of overseers voted to confer with the president and fellows in their vote conferring the degree of doctor of laws upon President McKinley."

Armour's Bay Packing Plant.

St. Louis City, Ia., May 9.—Armour & Co. of Chicago have taken over the plant of the Sioux City Packing and Provision company, formerly the International Packing company, and it is understood will begin the killing of cattle, hogs and sheep here immediately. The plant has a capacity of 500 hogs, 3,500 cattle and 1,000 sheep.

Pure Blood.

There is no health possible without pure blood. Purity and enrich this life-currant, and good health will result. Hostetter's Stomach Bitters is the best medicine in the world to do this. It cures indigestion, constipation, dyspepsia, biliousness, inactive liver, weak kidneys, and prevents malaria, fever and ague. See that our private revenue stamp covers the neck of the bottle.

Improves the Appetite and Induces Sleep.

HOSTETTER'S STOMACH BITTERS

per day. The company will transfer its manufactured product to the Armour company.

Gilbert Resigns from Seminary.

Chicago, May 9.—The Rev. Dr. Geo. H. Gilbert, for fifteen years professor of New Testament interpretation in the Chicago Theological Seminary, yesterday cut short the discussion of the charge of heresy against him by tendering his resignation as a member of the faculty. It was accepted unanimously by the board of directors.

J. Pierpont Morgan negotiating for Atlantic Transport and Red Star lines.

PELTED WITH FLOWERS.

California Gives Unique Greeting to the McKinley Party.

Los Angeles, Cal., May 9.—The President and his party have had their first taste of the hospitality of California. The introduction to the land of sunshine, fruit and flowers, after the three days spent in the alkali deserts of Texas, New Mexico and Arizona, was like passing into fairyland. Governor Gage and the California congressional delegation met the President at Redlands, in the San Bernardino valley, at 9 a. m., and welcomed him to the state. Through an avenue lined with palms and Venetian masts the party drove over beds of roses beneath a triumphal arch of flowers and fruit to the Casa Loma hotel, on the balcony of which the exercises took place. A drive through the orange groves and parks followed. All along the route of the drive the President and Mrs. McKinley were showered with flowers, and through the streets they were bombarded from the windows with confetti until the air was a maze of color.

Legislator's Daughter Weds.

Franklin, Pa., May 9.—Mrs. Blanche Maloney Simpson, daughter of State Representative George Maloney, and widow of the late Howard Simpson of Bangor, Me., was married yesterday to Stephen Truesdell Delamater, recently of Cleveland, O., but now of this city. The couple will reside at Kansas City, Mo.

Council Cuts Mayor's Salary.

Logansport, Ind., May 9.—The members of the city council adopted new tactics to make Mayor McKee resign, their request at a recent meeting being stubbornly refused. McKee's salary last night took a drop from \$1,200 to \$840 a year. He was in the chair while the proceedings took place.

Steel Shares Ready.

New York, May 9.—J. P. Morgan & Co. announced yesterday that they will be prepared to deliver on and after tomorrow shares of the United States Steel Corporation in exchange for certificates of deposit for stocks of the American Bridge Company and Lake Superior Consolidated iron mines.

Johnson Leaves Niles.

Niles, Mich., May 9.—Ex-Bank Cashier Charles Johnson, who was recently released on bail, pending trial on the charge of embezzling large sums of money from the Niles bank, left town suddenly yesterday. It is thought he has gone to the house of his brother John in Chicago.

Fear Smallpox Epidemic.

Indianapolis, Ind., May 9.—The State Health Board is alarmed over the rapid spread of smallpox throughout the state and fears that an epidemic is inevitable. The opposition to vaccination is so pronounced that the authorities are practically powerless to enforce the law.

Philadelphia Times Sold.

New York, May 9.—Adolph S. Ochs, principal owner and publisher of the New York Times, has acquired by purchase the Philadelphia Times. The announcement of this fact was made in Philadelphia yesterday, when the formal transfer of the property was made.

Hicoughs Prove Fatal.

Elizabethport, N. J., May 9.—Mrs. Julia Ludwig, who for nearly six months has been afflicted with hicoughs, died from exhaustion at St. Michael's hospital, Newark. The attacks were temporarily checked, only to return again. She was 35 years old.

BANKER COMMITS SUICIDE

Cleveland Fugitive Kills Himself in Seattle.

HE BURNS ALL HIS PAPERS.

Name on the Inside of His Coat Identified Him—Institution of Which the Dead Man Was President Closed Its Doors Monday.

Seattle, Wash., May 9.—R. N. Pollock, the missing bank president from Cleveland, O., committed suicide here in the Hotel York by shooting himself in the head. A razor, a two-ounce box of poison and a phial containing 100 tablets of aconite were found in his room. He had burned all papers. Pollock arrived here Monday and registered as James Fisher. He failed to appear during Tuesday and yesterday his room was finally broken open and his dead body found. Pollock had not apparently stirred after firing the fatal shot. No clew could be obtained in the room, and the name of R. N. Pollock was found sewed on the inside of his coat, placed there by a Cleveland (O.) tailor.

Condition of Bank Not Known.

Cleveland, O., May 9.—R. N. Pollock, who committed suicide in Seattle, Wash., was president of the Cuyahoga Savings and Banking company at No. 1461 Woodland avenue. Last Monday, by order of the directors, the doors of the institution were closed. At that time Pollock had been absent from the city for about ten days, and no clew to his whereabouts was obtained until a message announcing his suicide in Seattle came last night. The affairs of the company were placed in the hands of the American Trust company, which was appointed receiver and ordered to take possession of all the property and conduct the business of the bank. One of the largest industrial concerns in the city, the United States Carbon company, is involved through the action of the bank in closing its doors, and a receiver was appointed for that corporation. Expert accountants are at work on the books of the Cuyahoga bank. The immediate cause leading to the closing of the bank was found in the fact that one of the heaviest depositors called at the bank Saturday night and asked permission to withdraw \$20,000. The money was not forthcoming. Fearing a run on the bank when this should become known, a meeting of the directors was called and it was decided to close the doors. Monday six lawsuits having a bearing on the case were begun in the courts. The bank has deposits to the extent of \$240,000, but was not prominent in the city's financial institutions, being located in the residence district, and its deposits being for small sums. The receiver of the bank stated tonight that Pollock did not take the money that was in the bank at the time of his leaving the city, and it is believed that, knowing a crisis was near, Pollock sought safety in flight.

Arrest Miner for Murder.

Springfield, Ill., May 9.—Henry Hollins, alias Henry Judd, a colored miner, who is wanted in Polk county, Iowa, on charge of murdering Henry Brown, another, was arrested here.

Another Texas Gusher Found.

Beaumont, Tex., May 9.—News just in from the oil fields states that another Lucas gusher came in this morning. The new well is located near the original Lucas gusher.

Going Home in Automobile.

New York, May 9.—Mr. and Mrs. Robert Shaw started this morning from the Imperial hotel in an automobile, bound for Chicago.

Woman's Life....

is hard enough as it is. It's to her that we owe our world, and everything should be made as easy as possible for her at the time of childbirth. This is just what

MOTHER'S FRIEND

will do. It will make baby's coming easy and painless, and that without taking dangerous drugs into the system. It is simply to be applied to the muscles of the abdomen. It penetrates through the skin carrying strength and elasticity with it. It strengthens the whole system and prevents all of the discomforts of pregnancy.

The mother of a plumb babe in Panama, Mo., says: "I have used Mother's Friend and can praise it highly."

Riots in Barcelona Continue.

Madrid, May 9.—Despite the declaration of martial law at Barcelona riots incident to the tramway strike continue. Reinforcements have been sent there and the authorities have been ordered to take supreme measures to suppress the disorders.

HELP FOR WOMEN

WHO ARE ALWAYS TIRED.

"I do not feel very well, I am so tired all the time. I do not know what is the matter with me."

You hear those words every day; as often as you meet your friends just as often as these words are repeated. More than likely you speak the same significant words yourself, and no doubt you do feel far from well most of the time.

Mrs. Ella Rice, of Chelsea, Wis., whose portrait we publish, writes that she suffered for two years with bearing-down pains, headache, backache, and had all kinds of miserable feelings, all of which was caused by falling and inflammation of the womb, and after doctoring with physicians and numerous medicines she was entirely cured by

Lydia E. Pinkham's Vegetable Compound.

If you are troubled with pains, fainting spells, depression of spirits, reluctance to go anywhere, headache, backache, and always tired, please remember that there is an absolute remedy which will relieve you of your suffering as it did Mrs. Rice. Proof is monumental that Lydia E. Pinkham's Vegetable Compound is the greatest medicine for suffering women.

No other medicine has made the cure that it has, and no other woman has helped so many women by direct advice as has Mrs. Pinkham; her experience is greater than that of any living person.

If you are sick, write and get her advice; her address is Lynn, Mass.

Call and get receipt blank free.

FREE TRIAL. We guarantee 6088 to be free from all opiates, salicylates, mercuries, iron, cocaine and all poisonous drugs. On taking half a bottle and you are not satisfied, return bottle and your money will be refunded.

BOY CHOIR GIVEN MAPLE SUGAR TREAT

Mr. and Mrs. W. S. Jeffris Entertain
Members of Congregational Church
Boy Choir Last Night.

Mr. and Mrs. W. S. Jeffris entertained the members of the boys' choir of the Congregational church at a maple sugar feast last evening. The invitations were for 9:30 o'clock and every minute of the time was heartily enjoyed.

The first part of the evening was devoted to a rehearsal, the boys singing with a will that showed their pleasure in the work. After the rehearsal came the "sugaring off." Mrs. Jeffris has recently received a large quantity of sugar and syrup from her sister in Ohio and the boys were given all that they could possibly eat. The "sugaring off" was a novelty to them and they had a very merry time.

The girls' choir will be entertained in similar manner in the near future. Mrs. Jeffris is preparing the children's choir to give a grand May festival in the Congregational church on Tuesday evening, May 28. Choruses are being prepared by the boys' choir, by the girls' choir and by the two combined, with solos and duets by several of the children. Besides her regular choirs, Mrs. Jeffris will have a class of tiny tots in two motion songs and little Ralph Soultman will sing a solo. An orchestra of six pieces will accompany some of the choruses.

Two years ago the choir gave a concert which was received with enthusiasm by an audience which packed the large auditorium. The work has been carried on steadily under Mrs. Jeffris' direction ever since and the choir has improved wonderfully. The music which is sung in church services and which will be given at this May festival is of the highest order and there is every reason to believe that this year's concert will be a more stupendous success than was the one of two years ago.

CHICAGO TO GET OLYMPIAN GAMES

Affair is Expected To Be the Greatest
of Its Kind in the History of
the World.

Chicago, May 9.—President W. R. Harper of the University of Chicago said yesterday—at the Olympian games of 1904 would be held in Chicago, and that in preparation for the contests \$250,000 would be spent on Marshall field, the athletic ground. Permanent improvements will be made on the grounds with the aim of making them the best and most complete in America.

Dr. Harper's positive statement that the much coveted games will come to Chicago followed gratifying assurances from the American representatives on the international committee. These gentlemen expressed themselves as so well satisfied with the work of the local committee that their attitude toward Chicago has changed from lukewarm to decidedly favorable.

An effort will be made to vary the program as much as possible by the introduction of the national sports of foreign countries. In order that the foreigners may be represented to the best advantage, an effort will be made to secure the best men to compete in these national sports. With the twenty four events on the regular programme, these special features will render the Olympian games of 1904 the greatest sporting event ever known.

MORMONS GAIN CONVERTS

Elders on a Proselyting Tour Ordered to
Quit Indiana County.

Lafayette, Ind., May 9.—Mormon elders who have been conducting a street crusade in northern Indiana towns, were this morning given twenty four hours in which to leave the county. If the proselyters refuse they will be imprisoned. It has developed that many converts have been made in the towns visited by them. This has been brought to the attention of the authorities and resulted in a determination to banish the elders.

SENATE HAD KNIFE OUT THIS MORNING

Continued from page 1.

Mr. Elarson has been game warden since 1895.

Caucus Bill is Important.
A short caucus bill passed by the senate will have quite an important bearing if it is concurred in by the assembly and becomes a law. It originated with the senate committee on privileges and elections and it makes few changes, but they are important ones. Perhaps the most important is the forbidding of proxies in convention. If the bill passes, delegations may be voted as their conventions direct or as the conven-

tion of which they are a part may direct, but individual proxies cannot be voted.

One Woman Will Be Disappointed
Somewhere there is a woman who will not get a place on the state board of control, who would have got it if the assembly had been as gallant as the senate. The bill providing for a woman on the board of control was slaughtered last night on general principles and the male members of the board will now breathe easier.

No Raise of Pay for Legislators.
The O'Neil resolution to raise the salary of the legislators from \$500 to \$1,000 was killed by a vote of 49 to 24.

To Adjourn Wednesday.
The senate amended the Kreutzer adjournment resolution so as to cut off all business Saturday noon and provide for final adjournment next Wednesday noon. The resolution was adopted without dissent.

License for Engineers.
Senator Eaton's bill to license engineers brought forth a lively debate. Mr. Barker demanded the ayes and noes and Mr. Spratt made a long speech against the bill. He said the manufacturers did not want the bill because it did not insure any more protection against explosions than without the license. Mr. Dodge also thought the bill uncalled for and Mr. Lenroot said that it would promote safety against explosions.

The bill was concurred in by a vote of 38 to 20.

Jennie—To have a beautiful neck wiggle your head from side to side every night take Rocky Mountain Tea. It's a short cut to a graceful form. 35c. Smith's pharmacy, kodak agents, next to postoffice.

A Very Remarkable Remedy.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by Peoples' Drug Store and King's Pharmacy.

Try the new remedy for costiveness, Chamberlain's Stomach and Liver Tablets. Every box guaranteed. Price 25 cents. For sale by Peoples' Drug Store and King's Pharmacy.

WELL-KNOWN PERSONS DEAD.

Death of Charles G. Seymour.
Chicago, May 9.—Charles G. Seymour, a well-known Chicago newspaper man, died at 11:30 o'clock last night at El Paso, Tex., of consumption. The remains will be brought here for burial. He was for a time managing editor of the Chicago Chronicle.

Clara Kellogg's Father Dies.
New Hartford, Conn., May 9.—George Kellogg, father of Clara Louise Kellogg, the prima donna, died at his home here last night. He was ninety years old.

Annie M. Cummings.
Indianapolis, May 9.—Annie M. Cummings, of Chautauqua, N. Y., late conference secretary of the Woman's Home Missionary society of the Methodist Episcopal church, died here today at the home of her brother, E. B. Cummings.

John M. Carroll.
Johnstown, N. Y., May 9.—John M. Carroll, who was a member of the Forty-second congress, died here today aged 78 years.

W. E. Spier.
New York, May 9.—W. E. Spier, formerly treasurer of the International Paper company, died at his residence here today.

Canadian Jurist Dead.
Ottawa, May 9.—Justice King of the Supreme Court is dead. He was a native of New Brunswick.

GEORGE M'KERROW PRESIDENT AGAIN

State Board of Agriculture Holds Its
Annual Meeting at Madison—
Officers Elected.

Madison, Wis., May 9.—The Wisconsin state board of agriculture held its adjourned annual meeting here last evening and the following officers and superintendents were elected for the ensuing year:

President—George McKerrow, Sussex.
Vice President—S. D. Hubbard, Mondovi.

Secretary—John M. True, Baraboo.
Board of Managers—George G. Cox, Mineral Point; C. G. Wilcox, De Pere; David Wedgewood, Little Suamico, and the president and vice president.

Superintendents—Grounds, C. G. Wilcox, De Pere; privileges, S. D. Hubbard, Mondovi; gates, David Wedgewood, Little Suamico; forage and transportation, John Lefter, Milwaukee; horses, Walter L. Houser, Mondovi; cattle, Charles Linse, La Crosse; sheep, H. A. Briggs, Elkhorn; swine, George Wylie, Leeds; poultry, C. G. Wilcox, De Pere; dairy, J. W. Thomas, Anson; agriculture, F. A. Huebner, Manitowish; horticulture, R. J. Coe, Watertown; machinery, J. J. Seaver, Darien; fine arts, Mrs. C. A. Scott, Madison; woman's work, Miss M. B. Chadwick, Watertown; pigeons, L. A. Jansen, Milwaukee; speed, F. W. Holland, Waukesha; marshal, E. W. Chafin, Waukesha.

INDIANS TO PREVENT REMOVAL OF LOGS

St. Cloud, Minn., May 8.—Authentic information has reached here that more than 300 Chippewas of Pine Point, Twin Lakes, and Kull Lake, have decided to arm themselves and march on Sunday next around the lake for the purpose of preventing the removal of 15,000,000 feet of logs belonging to the Commonwealth Lumber Co. of Fraser, Minn., cut under the dead and down timber the last season. The Indians do not accept the government estimate in the cutting of green logs and declare they will hold the logs at muzzle's point for a fair settlement.

Pennsylvania Forest Fires.

Austin, Pa., May 9.—Fanned by heavy wind, the fires in the forests at Big Run, Cowley Run and Crooked Run, which broke out Monday, are rapidly destroying thousands of feet of valuable timber and bark.

RESTORES OLD WAGE SCALE.

Pennsylvania Steel Works Gives Employees 10 Per Cent Advance.

Harrisburg, Pa., May 9.—A notice has been posted at the Pennsylvania steel works announcing that, beginning June 1, the wages at the works will be restored to the rates in force before Jan. 1, 1901.

This is an advance of about 10 per cent. The company employs nearly 7,000 persons.

Four Shot During Strike Riot.

Iola, Kas., May 9.—Italian laborers who came here to take the places of striking cement workers were assaulted last night by strikers and sympathizers and driven to the railroad station for deportation. Four persons were shot, three Iola men and one Italian, in the fight in which the out-of-town workers were captured.

Barcelona in State of Siege.

Madrid, May 9.—The cabinet has decided to declare Barcelona in a state of siege. That city has been in a most disturbed condition for some time. Labor troubles have been incessant, and as a result many riots have occurred. Fifty arrests have been reported in Barcelona within a few days. Among those taken into custody were two notorious anarchists from Buenos Ayres.

Strikers Shot in Spain.

London, May 9.—Special dispatches from Madrid this morning assert that several rioters at Barcelona have already been shot before drum-head courts-martial and that collisions with fatal consequences have occurred between the troops and the strikers.

More Lackawanna Men Out.

Utica, N. Y., May 9.—About 200 men employed in the Lackawanna shops in this city did not go to work today. The men refused to make any statement except to the effect that they will not return to work unless the grievances of men in other Lackawanna shops are settled satisfactorily.

Grants Demands of Employees.

Whiting, Ind., May 9.—Superintendent Burton of the Standard Oil company's plant here notified the boiler-makers yesterday that their request for an increase in pay had been granted. This concession gives the men 25 cents a day more than they had been receiving and averts a strike.

Michigan Murderer Goes Free.

Charlotte, Mich., May 9.—James H. Brumm, who was pardoned by Gov. Pingree after having been convicted of murder in May, 1899, of Mollie Flager, has been set free, a commission having pronounced him insane. In his trial Brumm pleaded epileptic insanity, but he was sentenced to life imprisonment. His release has aroused much feeling.

VITAL MAGNETISM Greatest Curative Agent of the Day.

PROF. FUNK

The treatment of disease by Magnetism is not a new method of treatment, having been used a great many years ago. Yet through scientific research of recent years it has been brought to that state of perfection as to be the greatest curative agency of the century. It makes no demands on the vitality of the patient, but enlists the curative powers contained in the body, which readily respond when properly appealed to. Under magnetic treatment pain is suppressed, functions normally restored, secretion encouraged and Nature, through the influence of the magnetic power, permitted to be the healer.

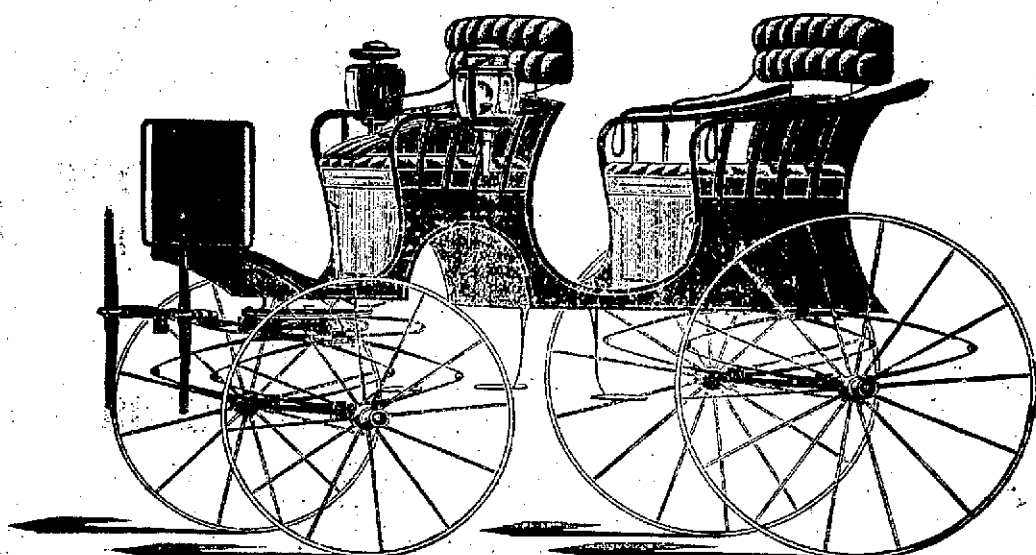

Prof. Funk is particularly successful in all cases of rheumatism, neuralgia, constipation, flux, chronic diarrhoea, paralysis, dropsy, heart disease, asthma, dislocations, general debility, short and difficult breathing, lumbago, kidney disease, headache, catarrh, roaring in the head, female diseases, atrophy of limbs, fever or coldness of any part, etc. A very few treatments always gives relief and a continuation of the treatments a permanent cure. Incontinence of urine or bed-wetting is quickly and permanently cured by magnetic treatment. Children or adults will find in magnetism a speedy relief from this annoying habit.

Prof. Funk treats all manner of disease without the use of medicine, surgery or mechanical appliances of any kind. He cordially invites all who are suffering to come and see him. He treats all honestly. If he cannot help you he tells you so and gives everyone the benefit of examination and consultation absolutely free.

Office, Opposite Postoffice
Over McDaniels & Achterberg's Tailor
Furnishing store.

Office Hours: 9 to 12 a. m., 1:30 to 5 p. m., 7 to 9 p. m.

RELIABLE VEHICLES

The average buyer of a vehicle depends upon the reliability of the dealer, because it is next to impossible for him to know what quality of material is used in the make-up. There is satisfaction in knowing when you purchase a vehicle from us it will be as good as it can be made, that it contains good materials, that it will wear as it should. We are showing 50 various types of pleasure vehicles, and you can not fail to find something that will please you. Our prices, too, are the kind that you can afford to pay.

Largest Repository in the State of Wisconsin.

Rid Your Home of Insects.

CREOLIAN Does It

With the spring cleaning you should use a disinfectant. The best of regulated homes contain insects that work themselves into the wood work. CREOLIAN comes in liquid form and does the work. It's not expensive.
